Time: 1pm-4pm (\$35)**

The mountain dulcimer is a very social instrument, and ensemble playing is a lot of fun. These 3-hour workshop sessions will focus on learning a number of multi-part arrangements to play together, with the different parts suitable for different skill levels, from "advanced beginner" to "intermediate/advanced. All arrangements presented will be in D-A-d tuning, and a capo may be required for some tunes.

For those wishing to attend both workshops, different music/arrangements will be presented at each session.
